

A watercolor painting of a woman in a white dress, rendered in soft, blended tones of brown, tan, and white. The style is ethereal and artistic, with visible brushstrokes and a sense of movement. The woman is depicted from the waist up, with her arms slightly raised and her head tilted. The background is a mix of light and dark brown washes, creating a textured, painterly effect.

AHAVA

LIEBE, QUERIDO LOVE, LIEFDE

18. - 21. JULY 2019

Dear women from the east, south west and north,

*we send out a call: may **the path of feminine spirituality** receive a voice. To rise as sound. May we set a sign. It gives us the talent to be a priestess, cantor, temple dancer, prayer leader... It was always in the one or the other, passed down from grandmother to mother to child. It's now time for us to give expression to this talent again and walk new paths, practice our own feminine way of spiritual practice.*

Let's come together to a great prayer of sound. One which serves the most important of all, and has been calling us for ages: love! AHAVA
